Welcome

A very warm welcome to The Mill @ Lewinshope. Nestled in the heart of the Scottish Borders, the Mill lies in over a hundred acres of grounds surrounded by the hills, streams and fields of the Yarrow Valley.

The Yarrow Valley, otherwise known as the 'Valley of the Silent Loch', lies amongst the unspoiled countryside of the Scottish Borders. Here, in the heart of southern Scotland - an area steeped in history - you will find beautiful scenery, tranquility, and rich heritage. William Wallace, Robert the Bruce, Mary Queen of Scots, Sir Walter Scott and Johnny Armstrong all contributed to the character and history of the Scottish Borders.

The Mill is ideally situated for walking, cycling, mountain biking, fishing, painting holidays and much more. It's all on your doorstep.

Your holiday can be tailored specially for you. There are many activities to choose from, or try for the first time, including tennis lessons, outdoor sports, art & craft lessons, nature walks, cookery demonstrations, beauty treatments and more that can be pre-arranged for you.

If there is anything we can do to make your stay more enjoyable just ask.

We look forward to seeing you.

Johnny, Annabel, Lulu & Fidget, Emily & Harry Watson

Around Lewinshope

Code Entry

You will have been given your code before you arrive, if you have forgotten it please just ring.

Outside Area

There is a private outside area attached to The Mill, situated directly outside the main sitting room doors, featuring a barbeque and seating. Outside lights can be switched on to illuminate the paved area. The switch is located in the sitting room behind the left curtain! The area is fenced off, but please keep an eye on your children. Be aware of the drop at The Mill wheel housing.

Mill Pond

IMPORTANT IF YOU HAVE CHILDREN

The Mill pond is close by. It can get boggy around the edges so please don't leave children, especially younger ones unattended. The pond is home to frogs, ducks, oyster catchers, wee fish and more if you look carefully. Great for pond dipping.

Tennis Court

The tennis court is an all year round Astroturf court. Access is free but by appointment. Rackets and balls can be provided. PLEASE KEEP THE GATES AROUND THE FARM AND TENNIS COURT CLOSED AT ALL TIMES.

Our Pets

We do have pets at Lewinshope. Our two lurchers, Jack Russell & Farm Cat are all particularly friendly! If you don't like them – just shoo them away.

Open Fire

The Mill has an open fire. Firelighters and kindling are to the right of the fire, and firewood is to the left. More firewood and kindling is in the bin located between the back door and the French windows. Should you run out of firewood, please contact us.

Kitchen

The kitchen is equipped to a very high standard. You should find everything you need, however, if there are any items you require that aren't there just let us know and we'll try to help. Cleaning products have been provided (drying / J cloths, fairy liquid, dishwasher & clothes washer tablets, toilet cleaning materials).

Heating

The Mill has under-floor heating, with a thermostat in each room. (The temperature can be adjusted as you wish). Heat recovery ventilation keeps the air fresh throughout the house and the switch is opposite the Beech bathroom. If you find this too noisy simply switch it off.

Appliances

These include a Rangemaster cooker, large fridge-freezer, two dishwashers, microwave, toaster, kettle, food-processor, hand-whisk and more. The instruction manuals are in the drawer to the left of the cooker. Please do not scratch the front panel dials when cleaning! We recently added a Delonghi coffee machine, so please bring the coffee beans.

Laundry Room

Your own laundry room contains a large washing machine and tumble dryer, as well as a rack to hang wet clothes. The vacuum unit is located in the cupboard at the bottom of the stairs – there is a hose that you attach at wall sockets positioned around The Mill. There's also a hand-held mini-vacuum cleaner for smaller tasks.

Energy Efficiency

We have worked hard to ensure The Mill is energy efficient and eco-friendly. The majority of lights are low-energy. We would ask you to switch lights off when they are not in use, especially overnight.

Rubbish & Recycling

BE GREEN!

Please separate paper, cans, plastic products and empty bottles into the recycling bin under the sink. The general waste goes into the silver bin. PLEASE put general waste and recycling in the relevant bins at the bottom of the MAIN drive on Monday mornings. Thank you

Bathroom Plumbing

IMPORTANT

Waste from The Mill passes through our private septic tank. We ask ladies to dispose of sanitary wear into the provided bags and then into the general waste. Bins are provided in all WC's. It is IMPORTANT that only toilet tissue is disposed of directly into the system.

Sauna & Steam Rooms

The Sauna & Steam rooms are provided for your enjoyment and can be used at any time. Please do be careful to adhere to the instructions provided in order to prevent accident or injury. Instructions are located in the Beech bathroom for the sauna and in the cupboard bedroom of the Ash Room.

Internet & TV

Wireless internet access is freely available. No passkey is required. Network points are also provided throughout. TV's and DVD / Blu-ray players are situated in the main living area and Mezzanine. Remote controls should be left next to the appropriate device.

Parking

Parking is directly in front of the entrance to The Mill. There is sufficient space for seven or eight tidily parked cars. There is ample parking further afield if needed.

Breakages

If there are any breakages during your stay, please don't panic - just let us know and we will sort it out.

Checking Out

Check out is by 10am on the last day of your stay to allow us enough time to prepare The Mill for the next guests. Please plan a timely departure for this reason. We ask that you leave The Mill clean and tidy just as you found it on your arrival. Wet towels should be left in the showers. If there is anything you are not sure about, please ask.

Finally

We would love the 'What do you really think' and Visitors book signed, and also a few comments or even pictures in the tartan book.

There are also wonderful long or short walks around The Mill. We have made up maps and showing areas where you can go to just step out of your front door. The maps are all situated in the wooden chest of drawers right of the fireplace.

Local Towns

Selkirk

6 MILES

Selkirk is the nearest of the Border towns. A small market town with good shops and services, Selkirk has indelibly stamped itself on Scotland's and the Scottish Borders' ancient past. It was the site of the first Border Abbey - where William Wallace "Braveheart" was declared guardian of Scotland. The diverse names of Bonnie Prince Charlie, The Marquess of Montrose and the Outlaw Murray have all contributed to create a unique historical tapestry.

Galashiels

13 MILES

Located in the centre of the Scottish Borders, Galashiels features many of the bigger stores. Tesco, Asda, Marks and Spencer (Simply Food) may prove useful during your stay at The Mill. There is also a cinema and a variety of stores. Inis is a FANTASTIC clothes shop on Bank Street, leaflet is in The Mill.

Melrose

13 MILES

Melrose is a picturesque town, full of excellent small shops and very visitor-friendly. Attractions include Melrose Abbey, museums, exhibitions. Melrose is the oldest continuously inhabited town in Scotland.

Kelso

25 MILES

The cobbled market town of Kelso boasts a thriving community. A centre for agriculture, fishing and shooting, it is a town where there is always something on and something to see. Again, excellent shops.

Hawick

17 MILES

The home of Scottish Cashmere is known world-wide for its expertise in the knitwear trade. Historically, it is a much fought-over border region, home of the Border Reivers. The Teviotdale leisure facility holds a swimming pool with a flume, and the excellent Wilton Park make it well worth a visit for families with younger children.

Innerleithen

14 MILES

Innerleithen is a small town well known for its first class Ice Cream shop "Caldwells". It is also the home of mountain biking in the Borders playing host to the Innerleithen Downhill trails. Glentress is not far away.

Peebles

21 MILES

The town of Peebles straddles the River Tweed. It is situated in an area of great natural beauty. There are numerous walks within the area. As with all Border towns and villages the majority of shops are independent and there are many to wander around. Peebles has its very own theatre with regular productions by theatre companies from around the United Kingdom. Ice Cream and Jelly and Inis is another 'must' visit.

Edinburgh

53 MILES (1 hour 15 mins)

Edinburgh is Scotland's capital city, which sits in perfect contrast to the peaceful tranquility of the surrounding Lothian and Borders region. Edinburgh has one of the most beautiful cityscapes in the world, making it well worth a visit. With Scotland's most famous castle dominating the city skyline, there is plenty to see and do with the perfect balance between all things traditional and contemporary.

If you have time, Edinburgh is about an hour and 10 minutes away. A great Visitors centre is located near Waverley Train Station. There is so much to see and particularly in the summer when the famous Fringe happens.

NEW TRAIN LINE OPENED 6th SEPTEMBER 2015

Tweedbank will have easier parking and is the same distance from The Mill as Galashiels train station. Below the website for all the information up to Edinburgh.
